## WORK EXPERIENCE

08/2020 - 01/2021

Teqneia

### FLUTTER DEVELOPER - UI/UX DESIGNER

Teqneia is a software house, we've worked on different kinds of projects, my main job is responsibilities on all mobile application systems as a senior and supervisor from the mobile developers part, all of the departments were great developers, open-mind and friendly too.

09/2017 - 11/2020

Freelance Sites (Mostaqil - Khamsat)

### FREELANCER

The best way to manage to study and working is to take advantage of time and start working as a freelancer, I love time management as I give for learning I give for working and gaining experience too.

01/2020 - 08/2020

Egypt Railway Station

### FLUTTER DEVELOPER - UI/UX DESIGNER

A great project under the supervision of the Egyptian army called ERNST, our main job was to rebuild the old system with new technologies, my responsibilities were in the mobile system and UI/UX Designing as I chose to work with flutter framework for many reasons it was happy to work with open-mind and creative teamwork too.

09/2018 - 11/2018

Americana Plaza

### UI UX DEVELOPER

Designing beauty was my main job, Americana Plaza or Americana Group is a food and restaurant industry with many projects around Egypt, My Job was designing the storytelling and the presentations for the show.

## EDUCATION

2022

University of Passau,  
Computer Science

### MASTER'S DEGREE

Boosting my knowledge and achieve a higher education is always one of my main choices, and I never found a better living country than Germany as the university offers great and attractive topics to learn too.

2019

Ahram Canadian University,  
Computer Science

### BACHELOR'S DEGREE

Finally, I've started studying the computer science field after I left the faculty of engineering, I believe we live once so we must do what we love and what we can be creative on to help society with our knowledge. I've learned problem-solving, clean coding, various architectures, and more under

supervision of great professors.

2014

Ellias College, American  
Diploma

## HIGH SCHOOL

The English Language is mandatory as it's the mother language for this planet,  
and what is better than an American diploma to finish my high school in English.
